CLIENT BROOKFIELD RESIDENTIAL

FIVE KNOLLS RECREATION CENTER

PROJECT TYPE CLUBHOUSE
SIZE INTERIOR SPACE: 2,203 SF
COVERED EXTERIOR SPACE: 1,148

The Club at Five Knolls was designed as the central recreational hub within the Five Knolls community in Santa Clarita, CA. It sits at the intersection of the main community entrance roads and its tower form is the identifying icon element upon entrance into the community. The concept is reminiscent of a contemporary mid-century Ranch Style aesthetic. The main entrance focuses upon the pool area through an entry arbor that splits the building form into separate use areas.
